Dojo Tuition Rates and Fees

Registration: There is a registration fee of \$25.00 for each new student, \$15.00 every September 1st for each continuing student, \$15.00 upon returning for students who have been absent for an extended period (one registration fee per each 12 months in all cases).

Tuition Payments: There is a single monthly rate for each family in the school based on the number of family members participating in classes. This rate entitles each paying family member to one class per week (four classes per month). Classes may be taken any day of the week they are offered at the appropriate level for the student. Students may take more than one class per week at no additional charge. Since students have 3 or 4 options for classes each week, the same rate is due at the beginning of each month whether or not there are days or weeks during that month that classes are not held. Payment may be made by cash or check. Use the envelopes provided by the metal drop box, especially for cash, complete all information required.

MAKE ALL CHECKS PAYABLE TO LISA TAYLOR ACADEMY, PLEASE

Single family member - \$50.00 per month
Two family members - \$95.00 per month
Three family members - \$135.00 per month
Four family members - \$172.00 per month

Five or more family members taking Karate, or families combining Dance and Karate classes should speak with Miss Lisa about tuition rates. ½ hour students under age 8 and attending only one class per week are charged a reduced rate – see Sensei Romney for details.
